

Health for Sick Women

For Forty Years Lydia E. Pinkham's Vegetable Compound Has Been Woman's Most Reliable Medicine—Here is More Proof.

To women who are suffering from some form of woman's special ills, and have a constant fear of breaking down, the three following letters ought to bring hope:—

North Crandon, Wis.—"When I was 16 years old I got married and at 18 years I gave birth to twins and it left me with very poor health. I could not walk across the floor without having to sit down to rest and it was hard for me to keep about and do my work. I went to a doctor and he told me I had a displacement and ulcers, and would have to have an operation. This frightened me so much that I did not know what to do. Having heard of Lydia E. Pinkham's Vegetable Compound I thought I would give it a trial and it made me as well as ever. I cannot say enough in favor of the Pinkham remedies."—Mrs. MAYME ASHLEY, North Crandon, Wis.

Testimony from Oklahoma.

Lawton, Okla.—"When I began to take Lydia E. Pinkham's Vegetable Compound I seemed to be good for nothing. I tired easily and had headaches much of the time and was irregular. I took it again before my little child was born and it did me a wonderful amount of good at that time. I never fail to recommend Lydia E. Pinkham's Vegetable Compound to all women because it has done so much for me."—Mrs. A. L. McCASLAND, 509 Hlave St., Lawton, Okla.

From a Grateful Massachusetts Woman.

Roxbury, Mass.—"I was suffering from inflammation and was examined by a physician who found that my trouble was caused by a displacement. My symptoms were bearing down pains, backache, and sluggish liver. I tried several kinds of medicine; then I was asked to try Lydia E. Pinkham's Vegetable Compound. It has cured me and I am pleased to be in my usual good health by using it and highly recommend it."—Mrs. B. M. OSOON, 1 Haynes Park, Roxbury, Mass.

DEMOCRATS MEET IN HARMONIOUS CONVENTION IN M'KINLEY COUNTY

Gallup, N. M., May 9.—The best attended in point of numbers, and the most harmonious meeting of democrats of McKinley county ever recorded took place Monday night at the court house in Gallup. The regular democratic delegate convention was held at that time. Five delegates and five alternates were elected to go to the state democratic convention to be held at Albuquerque on May 24th, when delegates to the national convention will be elected. There were a large number of candidates for delegates. All delegates were nominated on the floor of the convention, and took place Monday night at the court house in Gallup. The five men receiving the highest number of votes were:

J. R. Gaines, A. T. Hannett, F. C. Swartz, F. E. Mapel and C. R. Chambers. The alternates elected in the same manner were: V. J. Jeager, M. Brown, E. A. Martin, Frank Bailey, Harry Spann.

F. C. Swartz was elected chairman of the central committee of McKinley county for the next two years. Mr. Swartz has been closely identified with the democratic party of the county for more than twenty years, and his choice for the chairmanship was unanimously approved by the convention.

The county central committee was reorganized at this time also. Many

of the former members of the committee were re-elected, but a number of vacancies existed which were filled by new members.

The democrats were more encouraged at the opening of the campaign to this county. Ordinarily very little attention is taken in a delegate convention here. The spirit shown last night would indicate that many people who never before took any interest in political campaigns have made up their minds to get out and do some active campaign work this year.

A vacancy in postmaster's office will occur at Gallup about the first week in August of this year, at which time a democrat will be appointed to the position, it is expected. The present incumbent, there are a number of candidates for the postmaster's office, and a lively campaign is on between the candidates. The chairman called a meeting of the central committee to meet at the court house on Saturday, May 20th, at which time a candidate will be endorsed for the position of postmaster.

Vilhoen Sends Maps to Pershing.

Santa Fe, May 9.—Gen. B. J. Vilhoen, the Boer general of La Mesa, has sent General Pershing seven military maps of northern Mexico, which were secured from General Navarro when he surrendered Juarez six years ago. The maps are said to be by far the best ever prepared by the Mexican government, topographers and indicate every water hole and strategic position in Chihuahua, Sonora and Chihuahua.

CLEVENGER CASE ON TRIAL EARLY IN COMING WEEK

Santa Fe Engineer Charged With Assault Committed Several Months Ago; Other Interesting Matters.

SPECIAL CORRESPONDENCE TO MORNING JOURNAL. Santa Fe, May 9.—The first case set for trial at the May term of the district court for San Miguel county, which will begin on Monday, May 15, will be that of the state against Joseph Clevenger, who is charged with assault upon P. L. Jones with intent to kill. Clevenger is a Santa Fe engineer and Jones was a fireman up until the time he was injured. The two men got into an altercation, the nature of which is not definitely known, in the round-house office several months ago, and Clevenger struck Jones over the head with a pickhandle. For a time it was thought the man could not live, but he has completely recovered.

On the second day of the term, the case of the state against Clemente Lucero, who is charged with stealing a number of cattle from Charles K. Liebschner will be tried. Tranquillo Baca and Jose Martinez, accused of stealing cattle and who were tried at the fall term of court, the hearing resulting in a hung jury, likely will be tried again at this term of court. The men are said to have been entrapped into selling stolen cattle to Sol Jacoby, a butcher and junk dealer. While the sale was going on, according to the story, Chief of Police Ben Cole stepped from a hiding place and put the men under arrest. Jacoby, it is said, may be indicted by the grand jury at the coming term of court on a charge of purchasing stolen property, it being charged that he induced small boys to steal brass from the Santa Fe railway and sell it to him for a small fraction of its worth. For this reason Jacoby's testimony may not be so damaging against the two cattle thieves as it would have been had his own reputation not been under investigation.

Other Criminal Cases. John Lujan, of Sanchez, who is charged with the seduction of a girl named Josefita Martinez under promise of marriage, will be arraigned at the coming term. Zaccarias Valdez, who is accused of striking Willie Ludi, a young boy, with a broomstick, is scheduled for trial. The charge is assault with a deadly weapon. The jury in this case may have to determine just how deadly a broomstick really is.

It is expected that the grand jury will indict Wendell Clutter, who is being held on a charge of stealing money from the Bismark cafe, where he was formerly employed. The man recently tried to escape from the county jail, but was captured after he had enjoyed a night of freedom in the hills.

A considerable number of civil as well as criminal cases will be tried at the coming court term.

You Can't Brush or Wash Out Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. Do this tonight, and by morning most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustreous, glossy, silky and soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

THE TORRENTS OF SPRING

"IT NEVER RAINS, BUT IT POURS."
It is a fact well known to physicians that there are extremely few people who are in a good physical condition in the spring.
The Cause: The repeated demands upon one's energy during the long winter—shut up indoors, sleeping or working in the close air of an overheated room—without proper exercise and relaxation in the sunshine and pure air. Then, too, the common diseases of winter swoop down on many and their feeble resistance makes them a mark for the germs of Gripe—"spring fever" and pneumonia. The torrents of spring usually come at the same time with countless cases of nervous exhaustion and a general rundown condition. This is simply a state of vital bankruptcy—it is recognized by the languor, mental depression, "blueness," headache, sleeplessness, lack of appetite, poor digestion, thin blood and nervousness. Vitality and vigor are undermined.

THE TORRENTS OF SPRING

alterative extract of roots, herbs and barks, without a particle of alcohol or narcotics, which purifies the blood and tones up the stomach and the entire system in Nature's own way. The "Golden Medical Discovery" is just the tissue builder and tonic you require when recovering from a hard cold, grip, or pneumonia. Good blood is everything to every man. It means fresh strong nerves, good digestion, good circulation. Those who have used Doctor Pierce's Golden Medical Discovery marvel at the way it checks blood diseases. See a man to-day with skin all broken out; see him a few weeks later after using the "Discovery," his skin is all cleared up, eyes bright, and he is contented with himself. Buy it now!

The Remedy: Just the sort of spring remedy you need to make rich red blood and cure that lassitude and feeling of nerve exhaustion is Dr. Pierce's Golden Medical Discovery which bears the stamp of public approval and has sold more largely in the past fifty years than any other blood purifier and stomach tonic. The refreshing influence of this extract is like Nature's influence—the blood is bathed in the tonic which gives it new life—the vital fires of the body burn brighter and their increased activity consumes the tissue rubbish which has accumulated during the winter. Dr. Pierce, the head of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and a physician of large experience and practice, was the first to make up an
